The pandemic of COVID-19 has engulfed the entire world and has posed serious challenges for the health and economic security of millions of people worldwide. In India too, the spread of coronavirus has been alarming and is posing severe health and economic ramifications for our country. The Prime Minister's office has been receiving spontaneous and innumerable requests for making generous donations to support the government in the wake of this emergency.

Distress situations, whether natural or otherwise, demand expeditious and collective action for alleviating the suffering of those affected, mitigation/control of damage to infrastructure and capacities etc. Therefore, building capacities for quick emergency response and effective community resilience has to be done in tandem with infrastructure and institutional capacity reconstruction/enhancement. Use of new technology and advance research findings also become an inseparable element of such concerted action.

Keeping in mind the need for having a dedicated national fund with the primary objective of dealing with any kind of emergency or distress situation, like posed by the COVID-19 pandemic, and to provide relief to the affected, a public charitable trust under the name of '**Prime Minister's Citizen Assistance and Relief in Emergency Situations Fund**' (PM CARES Fund)' has been set up. Prime Minister is the Chairman of this trust and its Members include Defence Minister, Home Minister and Finance Minister.

PM Narendra Modi has always believed and shown in actions that public participation is the most effective way to mitigate any issue and this is yet another example. This fund will enable micro-donations as a result of which a large number of people will be able to contribute with smallest of denominations.
