

Seminar on “SAMARTH UDYOG Smart Manufacturing in India-taking stock to Look Ahead” May 8 2019, CMTI, Tumkur Road , Bengaluru

SAMARTH Udyog is an Industry 4.0 initiative of Department of Heavy Industry (DHI), Government of India. Through this initiative, DHI is working towards creating an enabling ecosystem for adoption of Industry 4.0 by Indian companies to become globally competitive. A series of Awareness workshops on Industry 4.0 are being organized across India with the objective to penetrate the tier 2 and tier 3 industry clusters and sensitize them on the benefits of adoption of the Industry 4.0 technologies.

DHI is planning to organise national quarterly seminars on Industry 4.0. These seminars will present challenges in adoption, success stories, and way forward. The first National Seminar in the series is being organized on **08th May 2019 at CMTI, Bengaluru**. A copy of the draft programme is enclosed.

You are requested to register and participate in the programme on May 8, 2019 at CMTI, Bangalore. A line in confirmation to Dr. Nagahanumaiah, Director, CMTI, email director.cmti@nic.in, Mobile, 09434181360 will be highly appreciated.
